

iquatics®

Universal Aquarium Light **HANGING SYSTEM**

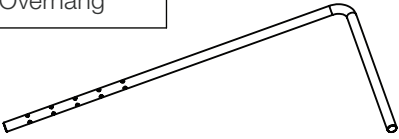

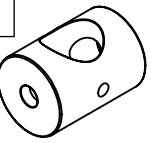

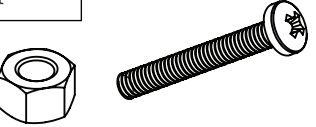

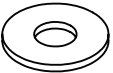

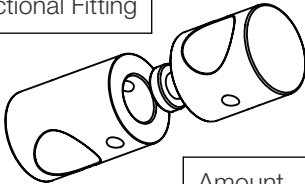

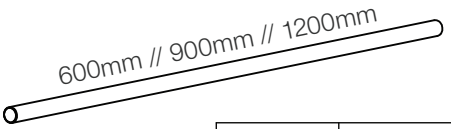

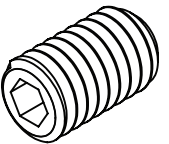

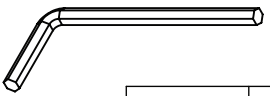

STAINLESS STEEL

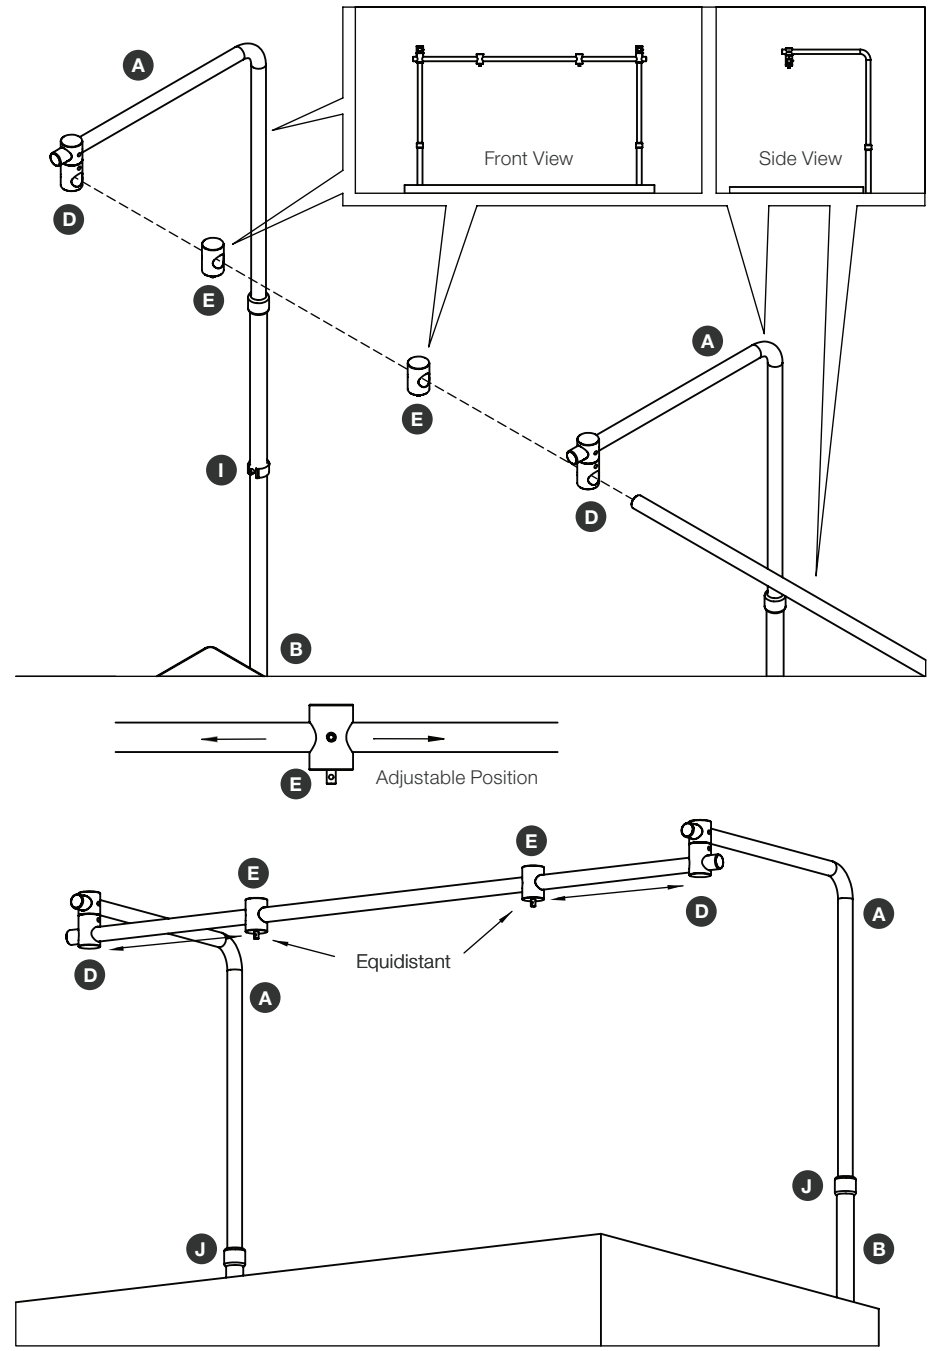

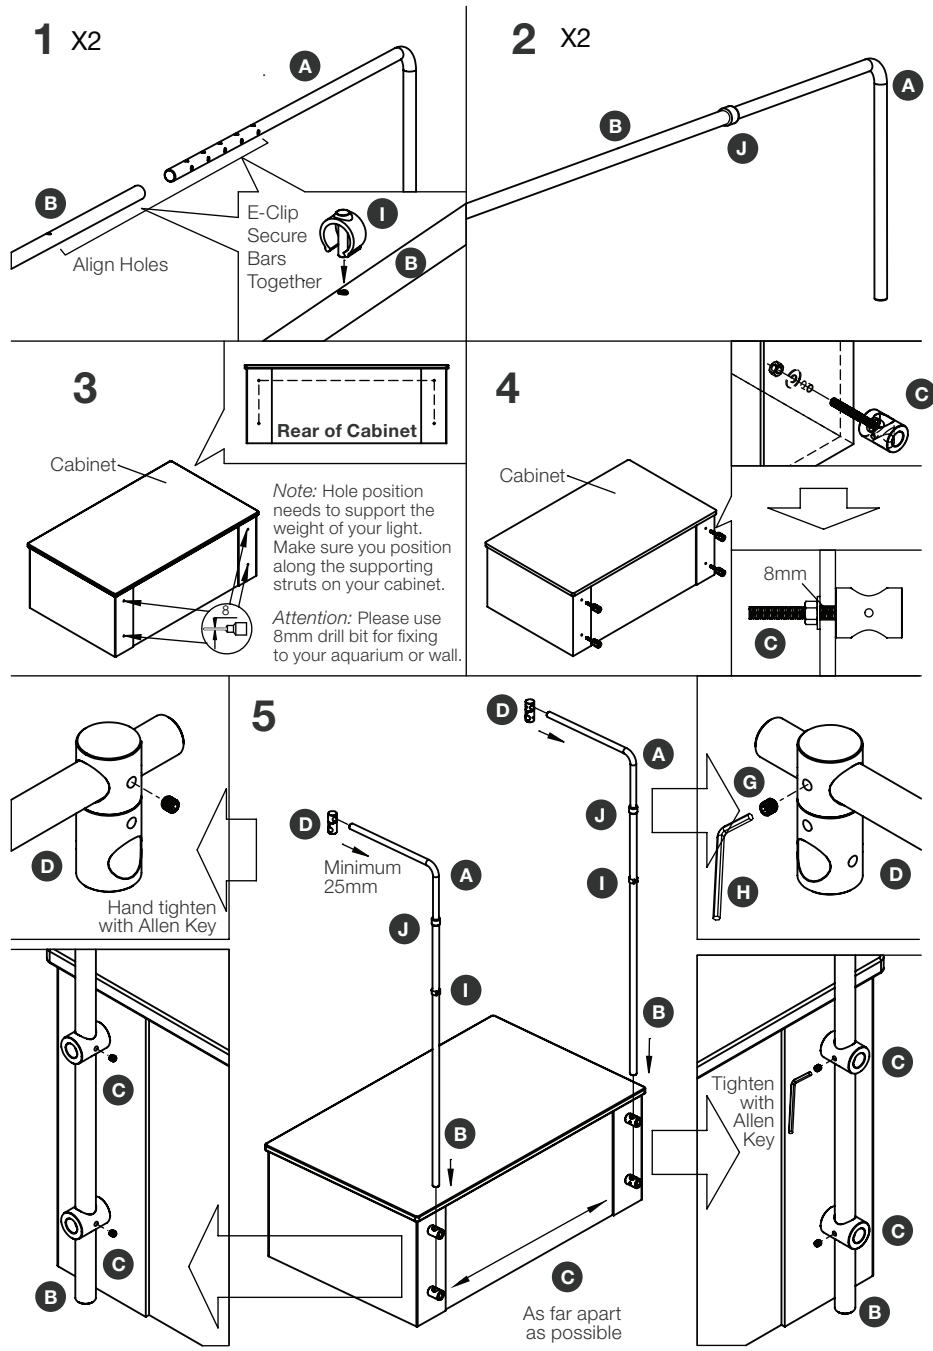

iQuatics Hanging Bar System – Disclaimer

Please ensure that the iQuatics Hanging Bar system is securely fixed in the position you require. As each aquarium setup is different it is down to the customer to make sure the connection to your aquarium or wall is adequate enough to withstand the weight of the item being suspended. iQuatics cannot be held responsible for any damage that may occur through the improper fitting of the iQuatics hanging bar system. Please ensure all grub screws are fully secured prior to the installation of the lighting system, iQuatics highly recommends the load weight is tested before attaching your pendant.
